ECE EdUHK Pioneering Hong Kong's Early Childhood Education

Every effort has been made to ensure the accuracy of the information contained in this leaflet. Changes to any aspects of the programmes may be made from time to time as due to change of circumstances and the University reserves the right to revise any information contained in this leaflet as it deems fit without prior notice. The University accepts no liability for any loss or damage arising from any use or misuse of or reliance on any information contained in this leaflet.

Students admitted into this programme are required to visit the Greater Bay Area (GBA) and/or other parts of Mainland China. The programme may also require students to participate in other non-local learning experience for completion of the programme. While the visits are subsidised, students are required to contribute part of the estimated cost of the visits ("students' contribution"), whereas any personal entertainment, meals, expenses, travel (document fee and personal insurance costs shall be at students' own expense. The estimated cost of the visits and students' contribution for students admitted to the coming cohort is yet to be available due to a variety of factors such as inflation of cost of the visits, trip duration, traveling expenses, the exchange rate, etc.

Starting from the 2024/25 cohort, students admitted to the full-time Bachelor of Education and Double Degree programmes are required to fulfil the "Exit Requirements for Teachers' Professional Conduct and Ethics", which consists of three components: 1) Fulfilment of assessment requirements of Field Experience; 2) Satisfactory completion of two required courses related to Teachers' Professional Conduct and Ethics; 3) Fulfilment of relevant co-curricular requirement.

As a prominent feature of our teacher education programmes, students are required to conduct and pass the Field Experience which lasts up to 18 weeks during their studies in the programmes. This is a requirement for students' graduation and final registration as a Registered Teacher in Hong Kong, subject to the approval of the Education Bureau. Non-local students may be arranged to conduct their Field Experience at local schools or schools outside Hong Kong, according to the placement allocation policy and subject to the availability of such placement. The curriculum of the placement schools should align and comply with the requirements of the EDB Programme Framework. Non-local students are required to bear the respective costs of the Field Experience at schools outside Hong Kong, including travel expenses, accommodation fees and other living costs such as meal expenses, personal entertainment, etc. The final decision on the allocation of Field Experience will rest with the Department of Early Childhood Education and/or the relevant Faculties. For placement details, please refer to the websites of particular programmes.
