We work with a wide range of early childhood education institutions to provide students with field experience opportunities to strengthen their connections between theory and practice.

一年級同學修讀「幼兒的語言與讀寫能力」一科時，親手設計及製作語文教具，並舉行「語文教具分享與選舉」，展示自己的作品，以及邀請小朋友前來試玩。

Year 1 students design and create language teaching aids when they study “Language & Literacy in Early Childhood”. They showcase their works and invite some children to have a trial in the “Language Teaching Aids Sharing & Election”.
